

# Columbia University **SHAME!**

- 4/18/02:** Baboon #819's left eye was removed and a stroke was induced.
- 4/20/02:** "Not able to sit up/will slump down on back. Head tilt to the left and not able to hold it up ... not sure if able to swallow ... offered water, but was coming out of side of mouth."
- 4/21/02:** "Monkey found dead in cage ... still sitting partially upright."\*

\* From actual Columbia animal records.  
Please see [ColumbiaCruelty.com](http://ColumbiaCruelty.com) or [PETA.org](http://PETA.org).

**It's not the baboon who needs his head examined**
